

ABOUT US

The Middle Fork Willamette Watershed Council is a 501c3 nonprofit operating in Springfield, OR. We work with communities for a healthy Middle Fork Willamette Watershed through environmental education and habitat restoration.

CO-CREATION

This framework provides options for how we can support each other and work together for vibrant, resilient communities and a healthy Middle Fork Willamette Watershed.

Partnership is important to us, we'll work with your business to find the best way to support you.

MEMBERSHIP

Our Headwaters Business Members make annual, unrestricted gifts to the Middle Fork Willamette Watershed Council that we can use for the operating expenses and programs that are the most in need at any given time. Your support will help demonstrate your value and investment in clean water, abundant fish and wildlife, and healthy forests in the community. We will help share your investment with our supporters and engage your business and employees in creating a healthy community.
